

OCTO CEILING

Linear System

design Roberto Mantovani

A 24VDC multifunctional modular system for ceiling installation. The combination of linear elements and various joints permits the creation of complex geometries meaning that, thanks to the available light modules, it can meet any illumination need.

Sistema multifunzionale componibile a 24VDC per installazione a plafone. Combinando elementi lineari e vari giunti permette la realizzazione di geometrie complesse, e grazie ai moduli luminosi disponibili può rispondere a qualsiasi necessità luminosa.

Système multifonction modulaire en 24VDC pour installation sur plafond. Combinant des éléments linaires et diverses jonctions, il permet de réaliser des géométries complexes et, grâce aux modules lumineux disponibles, il peut répondre à toute exigence lumineuse.

IP20 CE made in Italy

Multifunktionales modulares 24VDC-System für die Deckenmontage. Die Kombination von linearen Elementen und verschiedenen Verbindungen ermöglicht die Realisierung komplexer Geometrien und kann dank der verfügbaren Lichtmodule auf jeden Lichtbedarf reagieren.

Sistema modular multifuncional de 24VDC para la instalación en el techo. La combinación de los elementos lineales y las diferentes juntas permite la realización de geometrías complejas y, gracias a los módulos luminosos disponibles, puede responder a cualquier necesidad de iluminación.

Power supply
24VDC

Max current
15A

Straight module 1002 mm

Joints

CTC-L01B White
CTC-L01N Black

L-joint

CTC-T01B White
CTC-T01N Black

T-joint

CTC-X01B White
CTC-X01N Black
